

## KNEE BRACING

**KNEE SLEEVE**  
\$60-\$210

Compressive material for increased proprioception and swelling reduction

**PATELLOFEMORAL BRACE**  
\$90-\$230

Patellar buttress for control of patella

**FUNCTIONAL LIGAMENT STABILIZING BRACE**  
\$1200-\$1600

Rigid frame and hinges to control both medial / lateral and anterior / posterior movement.

**FUNCTIONAL UNLOADING KNEE BRACE**  
\$1200-\$1750

Rigid frame with dynamic strapping or hinges to unload the medial or lateral compartment of the knee.

**POST-OP ROM KNEE BRACE**  
\$250

Rigid construction with adjustable hinges to restrict flexion/extension of the knee. Can be set at any increments between - | 0° to 90° extension, and between - | 0° to 120° flexion. Can also be locked / immobilized at 0°, 15°, or 30°.

**HINGED KNEE BRACE**  
\$140-\$360

Medial and lateral hinges to control medial / lateral movement
